

RULES AND REGULATIONS

To help us serve you better, protect your loved ones and others that use our facility we ask and need your cooperation:

The pool staff is NOT a babysitting service - Please keep a watchful eye on your children at all times. We encourage and prefer adults come to the facility with your children. Children 10 or younger must be under the active watchful eye of a responsible party 14 years or older. Children under 5 MUST remain within arm's length of the parents or responsible party.

Swim diaper - Infants/children not toilet trained must wear swim diapers under swim suits, NO regular diapers. All diapers MUST be changed in the locker rooms or restrooms – NOT ON THE POOL DECK.

Have children take regular bathroom breaks - Without these breaks they can easily forget to go in the proper place on their own.

Don't swim today - If you do not feel well and have diarrhea or the flu today or in the past week, do NOT go swimming. You may be a carrier for bacteria which can infect others, even though the pool water is chlorinated.

Shower before using the pools - By showering immediately before swimming in our pools you will remove foreign matter like sweat, dirt, loose hair from your body and keep them out of the pools you and others will swim in.

Toys and floatation devices - No floatation devices any larger than 1 person occupancy. No floatation devices or toys will be allowed past the lap lane.

Appropriate swim areas- The diving board and slide area will be used for those only going off the board and going down the slide. If, the board and slide are not being used then swimmers are able to use the area. When someone then decides to use the board or slide, Pool staff will ask the swimmers to move out of the area for the safety of those using the board and slide. Those whom have passed their deep water swim test this summer will be allowed to go off the diving board and slide on their own. However if a child has not passed their deep water test and wants to use the slide, they may be caught by their responsible party or have the responsible sitting at pool edge for quick rescue if needed.

Cooperate with the staff - By purchasing a swim pass or paying the daily fee, you are agreeing to follow all the rules which have been established for the safety and enjoyment of all patrons. The staff is there to assist and aid all those using our facility.

Follow the rules - The rules the staff will be enforcing have been developed over the life of the facility. It is unfortunate but the majority of the rules have been written to address problems we have encountered over the years of dealing with patrons. By following the rules our staff can spend more time watching for those in need of assistance.

Avoid prolonged breath holding - This can lead to shallow water blackout which may result in drowning.

Zero Tolerance - Our facility has a zero tolerance for offensive language, fights, theft and other similar issues. However, our staff cannot be everywhere to hear or see everything that is said or done. Please help us keep this a family oriented facility by reporting issues to the managers so we can address them with our patrons in question.

Tobacco and alcohol free - By state law smoking is prohibited in public facilities. This includes our parking lot where cigarette butts and children with bare feet can often lead to serious injury. Help us keep the facility clean by not using smokeless tobacco. Alcohol is prohibited on site and anyone who exhibits signs they have been drinking will be asked to leave for their own safety. This includes vaping. If smoking is necessary, please remove yourself from the pool area and move to more than 30 feet away from the pool entrance.

No refunds - We reserve the right to close the pool due to inclement weather, emergency situations, mechanical problems or low pool attendance. Refunds or rain checks will be issued at the discretion of the Manager on duty.. The pool manager may close the entire pool complex, or any portions of the pool complex for any safety or maintenance reason.

Everyone pays—Non-swimmers who wish to enter the pool enclosure must pay regular daily admission fees.
